

XARIOS 350 Mt°.

Outstanding performance and flexibility
with an innovative new multitemperature concept.

Carrier
TRANSICOLD

XARIOS 350 Mt° is a multitemperature unit specifically designed for urban distribution vehicles up to 15 m³ in volume.

One of the recent great challenges in direct drive refrigeration has been to meet multitemperature application requirements with variable speed refrigeration units.

Carrier Transicold, world leader in multitemperature systems, has developed this technology and brings you its latest innovative new concept.

- ▶ A modular concept for application versatility
- ▶ Totally reversible from -20 °C to +10 °C, for operating flexibility
- ▶ Rapid installation and easy servicing contribute to reduced life cycle cost
- ▶ Unrivalled temperature recovery for urban distribution
- ▶ Extra-flat evaporators allow loading up to less than 180 mm from the roof
- ▶ Innovations that respect the environment
- ▶ Microprocessor control and cab command make operation easier and safer.

New unique multi-function 4-digit cab command with Full APi Control Logic®, developed exclusively for the XARIOS multitemperature range:

- Manages cool and heat functions separately or simultaneously
- Individual or simultaneous defrost by manual or automatic operation
- Choice of two operating modes « Automatic » or « Priority ».

■ Condenser

Weight:
Road & Standby: 79 kg
Road: 42 kg

■ Heating capacity

+20 °C / -18 °C: up to 3 100 W

■ Refrigeration capacity

-20 °C / +30 °C: up to 1900 W

2 slimline evaporators ensure maximum airflow capacity and exceptional loading space. These can be adapted to an extensive number of different configurations according to your specific application, up to a total maximum volume of 15 m³.

■ MXS 850 evaporator

Airflow: 830 m³/h
Weight: 17 kg

■ MXS 600 evaporator

Airflow: 650 m³/h
Weight: 12 kg

T model

- ◆ Refrigerant R404A
- ◆ Standby compressor TM15
- ◆ High capacity hot gas heating and defrost
- ◆ Road or Road & Standby operation 220/1/50 - 230-400/3/50
- ◆ Operation on 12VDC and 24VDC vehicles

Equipment:

- ◆ Road compressor: TM15
- ◆ Road compressor mounting kit

Accessories:

- ◆ Door switch
- ◆ Water drain heater
