European Service packages.

# Silver Cold® European Service packages

## Expert service, freedom to choose.

Maintenance to a specific cycle defined by the manufacturer is capital for the longevity of your unit.

But we all know the best way to cut costs, maximise performance, and minimise downtime is through periodic preventive maintenance.

Silver Cold® is a new range of fixed price, all-inclusive packages defined by Carrier Transicold to answer the specific servicing requirements of your unit at key moments in its lifetime.

Silver Cold® packages combine not only the standard operations required for the unit at any specific point in its maintenance cycle, but also an extensive number of control points essential for maintaining your unit at peak operating efficiency.

With Silver Cold® you retain ultimate flexibility, whilst still ensuring protection of your investment by the most qualified professionals in the business.

*All operations are defined in a clear check-list, labour and parts included, which means no unpredictable costs!*

## Optimum unit reliability

- ▶ A tailored servicing programme by model and by unit running hours.
- ▶ Preventive maintenance with clear check lists that spots trouble before it happens.
- ▶ Use of genuine Carrier Transicold spare parts.
- ▶ Maintenance scheduling that minimises unit downtime.
- ▶ Complementary packages that maximise cargo protection.

## Total transparency

- ▶ A standard, pre-defined list of operations.
- ▶ A fixed-price including labour and parts.
- ▶ A clear check list that shows you exactly what you're getting for your money.

## Optimised profitability

- ▶ A pre-defined list of operations means no unpredictable costs.
- ▶ Preventive maintenance that optimises cost of ownership.

## Ultimate flexibility

- ▶ No long term financial commitment – you only pay for the services you choose.
- ▶ Maintenance scheduled to your activity.

## Efficient service

- ▶ The commitment of an entire network with more than 500 service centres.
- ▶ The same level of service throughout Europe.
- ▶ The expertise of technicians trained to the Carrier Transicold standards of quality and service.

## What is Silver Cold®?

**Routine inspection packages** falling into 3 levels:

- Silver Cold A
- Silver Cold B
- Silver Cold C

according to the unit running hours.

**Complementary packages** composed of

- **Specific maintenance** (filter drier, battery, glow plugs...) and
- **Additional safety** (leak check, temperature recorder adjustment etc.)

Example of a recommended maintenance cycle:

**MAXIMA 1200** Maintenance every 1500 hours or 12 months

Hours	400	1500 4500 7500 10500 13500 16500	3000 9000 15000	6000 12000 18000
Routine inspection package type	Initial service	Silver Cold A	Silver Cold B	Silver Cold C

Silver Cold® Service packages are available for the entire Carrier Transicold product range. For more details please contact your local Carrier Transicold dealer.
